

Name _____ Room _____ Date _____

Science Fair Planning Guide 1

Due Friday September 29, 2017

1. What branch of science are you interested in? (If you're stuck, see science fair packet step 1.)

2. What topics are you interested in exploring? (List some of your possible interests, even if they don't end up as your final science project investigation.) _____

3. What is your testable question? (This would be the title of your science fair project. What are you testing? See packet step 2 for help.) _____

4. What do you already know about this topic/question? _____

5. What do you want to learn more about? (What information would you need in order to make an informed hypothesis?) _____

Keep track of any sources you're using on the attached Master Reference List.

Approved initials- Parent _____ Teacher _____

When this sheet is approved by a parent and your teacher, Ms. Polotsky, you will receive the second planning guide.
